

Sound Proof Cabinets

PRODUCT OVERVIEW

ArcTiv Sound-Proof Cabinets quietly store servers, UPS's and loud IT equipment in office environments. Internal sound insulation provides up to 20dB noise reduction while the low-noise fans provide efficient cooling. Each cabinet supports:

- Up to 20dB of noise reduction, ideal for loud IT equipment in office environments
- High density cable management solutions for CAT5, fiber and power cables
- High capacity, low-noise fans

Benefits

Supports Larger Equipment	1000kg load rating and 1130mm depth suitable for large IT equipment
Reliable Operation	Fully-assembled, welded frame provides greater support
Greater Security	Locking doors and side panels prevent unauthorized access
Maximum Organization	High density cable management for organizing network and power cables
Office Friendly	Attractive design and low-noise system suitable for conference rooms and offices
Greater Access	Removable side panels and doors for simplified maintenance
Greater Airflow	High-capacity fans and isolation accessories support higher-powered equipment
Flexible Mounting	Locking, heavy-duty castors can be wheeled in office locations
Greater RMU Capacity	4-post mounting rails provide front and rear equipment installation

Quiet Operation

Up to 20dB Noise Reduction

Low-Noise Fan System

Greater Capacity

Max Load Rating and Fan Capacity

Office-Friendly

Furniture-Style Exterior

Removable Panels for Rear Access

Sound Proof Cabinets
