ArcTiv Network Racks are flexible, easy to install and compatible with high-density cable management accessories to provide efficient storage of networking systems in on-premise environments. Each network rack supports:

- High density cable management solutions for CAT5, fiber and power cables.
- Configure mounting rails, PDU's, doors, side panels, cable management and airflow management solutions

Benefits

Supports Large IT Equipment	800kg load rating suitable for large IT equipment
Reliable Operation	Fully-assembled, bolted frame provides greater support
Greater Security	Locking doors and side panels prevent unauthorized access
Maximum Organization	High-density cable management for organizing network and power cables
Office Friendly	Tempered glass or vented doors suitable for office applications
Greater Access	360° equipment access via removable side panels for simplified maintenance
Greater Airflow	Roof-mount fans support higher-powered equipment
Flexible Operation	Locking castors and mounting feet can easily transport.
Greater RMU Capacity	4-post mounting rails provide front and rear equipment installation

Easy Operation

Greater Organization

Removable Side Panels

Adjustable Mounting Rails

Locking Rear Door

Top Panel with Fan
