

# Floor Standing Cabinets

## Greater Capacity

[Edge-Series Floor Standing Cabinets](#) secure rackmount servers, UPS's, network switches and devices commonly found in PoE, IoT and edge-computing applications. The floor-mounting design and castors provide mobility while supporting large IT equipment. A wide range of high-density accessories allow the equipment to be installed in a compact environment and maintain proper cable and airflow management.

### Benefits

Supports Larger Equipment	110kg load rating and 850mm depth suitable for large IT equipment
Reliable Operation	Fully-assembled, welded frame provides greater support
Greater Security	Locking doors and side panels prevent unauthorized access
Maximum Organization	High density cable management for organizing network and power cables
Office Friendly	Attractive design and low-noise fans suitable for conference rooms and offices
Greater Access	360° equipment access via removable side panels and doors for simplified maintenance
Greater Airflow	High-capacity fans and isolation accessories support higher-powered equipment
Flexible Mounting	Locking castors and mounting feet options to place on the floor or desktop
Greater RMU Capacity	4-post mounting rails provide front and rear equipment installation

Greater Capacity	Greater Access	Organization
